

2008-2009 Hours of Operation for Elementary Schools in the ADSB

Schools Following the Traditional School Day (with a lunch hour break and two recesses of about 15 minutes)

*Note: You are legally entitled to a 40 minute uninterrupted lunch break. Therefore, if supervision duties are assigned at the beginning or end of the lunch break at a traditional day school, make certain that you have your 40 minutes.

Schools Following the Balanced School Day (with two nutrition breaks and no lunch hour break)

*Note: You are legally entitled to a 40 minute uninterrupted lunch break during one of the two nutrition breaks at balanced day schools. Therefore, since most nutrition breaks have a maximum of 45 minutes, supervision/other duties can only be assigned during one of the two breaks [not during both] as you are entitled to 40 minutes free of duties for your lunch.

The turn-around or half-way point between morning and afternoon schedules for balanced day schools is **12:15. Therefore, if you teach in a balanced day school for the morning only, your morning ends at 12:15. If you teach in a balanced school for the afternoon only, your afternoon begins at 12:15.
